

## **Title:**

P2E Resources & Safety Rules (Read Before You Invest)

### **Security Rules (Non-Negotiable)**

- 1      1    Seed phrase = your money. Never share it.
- 2      2    Don't trust DMs. Support will NOT DM you first.
- 3      3    Verify links from official sources only.
- 4      4    Start small. Don't invest big on day 1.
- 5      5    If you feel rushed → it's probably a scam.

### **Beginner Resources (Search These)**

- •    “What is a crypto wallet?”
- •    “How MetaMask works (beginner)”
- •    “How to avoid crypto scams

Discord”

- • “How to verify official project links”

## **Recommended Beginner Routine**

- • 10 minutes learning (wallet + safety)
- • 20 minutes exploring one project
- • 10 minutes writing notes: What is earned? How withdrawn?

## **Final Reminder**

P2E can be fun and educational, but it’s not guaranteed income.

Your edge is: patience + safety + starting small.
